Graduate Outcomes

It's not just during your time at Cranfield that your voice matters.

The Graduate Outcomes Survey that takes place 15 months after you finish your studies is your opportunity to reflect on your experience at Cranfield University.

The survey looks to understand whether you're in employment, have continued with further study or are doing something else. By responding to the survey, you are helping employers recognise the value of your Cranfield qualification and those who are considering their future career options.

Make sure you have your say:

1. Log on to your alumni portal and update your contact details.
2. Keep an eye out for our alumni emails which will remind you of the dates for the Graduate Outcomes survey.
3. Respond to the survey when you receive it.
